Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

From its humble beginnings in the thirties it has come a long way to emerge as a serious contender to some of the most coveted literary prizes in the world. In terms of popularity and market presence it has experienced phenomenal success in the recent years. While it behooves well to celebrate its success and revel in its glory, we should also stop to enquire into its strengths and weaknesses its achievements and failures and its present status and future prospects standing as we do on the threshold of the twenty first century. The underlying purpose of Indian Novelists in English, therefore, is to attempt a fairly comprehensive turn of the century stocktaking of Indian fiction in English. (jacket).
