The subject in these pages contain materials that can at times be awkward to discuss and hard to swallow, and yet, crucially important. Everyone makes choices in their approach to relationships, especially those relationships that have deepened levels of intimacy and romance associated with them. Abstinence is certainly one of those available choices. But, there just might be more to the questions we are seeking answers for in our relationships than should I or shouldn't I Sex is everywhere we look, but is it the issue or is there something more that we are really wanting Society seems to imply sex may not only be the answer but the ultimate goal for the lover, and a great frontier for the adventurer.
